

Update 4: Serbia - Announces Relaxation in Few COVID-19 Measures

- Serbian authorities lifted emergency situation in Leskovac and Cacak
- This comes as number of COVID-19 cases has significantly declined in these regions
- Measures and recommendations of government of Serbia for prevention and suppression of COVID-19 will remain in force
- It will be necessary to continue wearing masks in indoor public places, and public transport
- People will continue to maintain a physical distance of 1.5 meters
- Regarding public events, a maximum of 500 people is allowed to stay indoors with one empty space between the two visitors
- Ban on gathering of more than five people is no longer valid
- Cinema, theaters, music, and sports events are permitted
- Additionally, Poland lifted a ban on flights to and from Serbia this week
- An emergency situation will remain in force in Ljig until a decline in COVID-19 cases is recorded
- To date, Serbia recorded 30,714 confirmed COVID-19 cases and 701 related deaths
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health of Germany (<https://www.zdravlje.gov.rs/>) for the latest information on COVID-19 in Serbia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
