

Update 20: Colombia - Resumes International Flights as COVID-19 Infections Decline

- Commencing, September 21, Colombia officially reopened international flights
- However, the first tourist flight from abroad was made, under the 'pilot' mode on September 19
- Authorities resumed flights to seven countries from four cities in the country under strict biosecurity protocols
- These cities include Bogotá, Cali, Medellín, and Cartagena
- Seven countries to which Colombians are allowed to travel are United States, Ecuador, Mexico, Bolivia, Brazil, Dominican Republic, and Guatemala
- International flights were suspended in Colombia on March 23
- As infection curve began to reach its peak, country launched domestic flights in early September
- Furthermore, as infections began to decrease, the opening of the international flights accelerated
- To date, the country reported 765,076 confirmed COVID-19 infections and 24,208 related deaths
- Of these, 633,199 patients have recovered
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult National Institute of Health (<https://www.ins.gov.co/Paginas/inicio.aspx>) for latest information on COVID-19 in Colombia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
