

# Update 43: Metro Manila, Philippines - Extends Partial COVID-19 Restrictions Until October 31, 2020 to Curb the Spread of Infections

- Philippines extended partial restrictions in Metro Manila until October 31 to curb the spread of COVID-19 infections
- Under renewed policy, people must wear masks in public and observe one-meter social distancing, while children, elderly and pregnant women are urged to stay at home
- However, public transportation will resume at a reduced capacity
- Most industries will resume operations
- Aside from the capital, Batangas, Tacloban City, Bacolod City, Iligan City, and Iloilo City will be under partial lockdown for a month
- Meanwhile, Lanao del Sur, including Marawi City, will be placed under stricter restrictions
- Under this status, public transportation will be suspended and fewer industries will be allowed to operate
- The rest of the country will be under a more relaxed lockdown
- Country reported a 24-hour rise of 3,073 new cases and 37 fatalities, taking total tally to 307,288 cases with 5,381 deaths (~1.8% of total cases)
- Authorities stated the number of cases in Metro Manila has reduced, however, restrictions were needed for further improvement
- Based on past data and trends, authorities believe a premature downgrading of the quarantine status may increase the risk of a surge in December
- Earlier, Manila ended strict lockdown measures on August 19 to boost business activity as economy reported recession for the first time in 29 years in the second quarter
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Disease Prevention and Control Bureau (<https://www.doh.gov.ph/node/689>) for the latest information on COVID-19 in the Philippines

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
