

# Update 14: Tehran, Iran - Imposes New Restrictions Amid Rapid Rise in COVID-19 Cases

- On October 03, Iran imposed new measures in Tehran province to contain the COVID-19
- The measures went into force on Saturday (October 03) and were set to last a week
- Under the restrictions, universities and education centers, mosques, cinemas, museums, wedding halls, beauty salons, gyms, cafes, zoos and swimming pools would be closed
- Cultural and social events and conferences were cancelled and Friday prayers would not be held during the period
- Authorities also added not wearing a mask would incur a fine and businesses could be closed down if health regulations were not respected
- Government employees who failed to observe regulations could be suspended for one year if first warnings were not heeded
- So far, Iran has recorded 468,119 cases along with 26,746 deaths (5.7% of total reported cases) and 387,675 recoveries (82.8% of total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health of Iran (<http://ird.behdasht.gov.ir/>) for the latest information on COVID-19 in Iran

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
