

Update 28: Indonesia - Government Agrees to Resume Business and Official Travel with Singapore

- Singapore and Indonesian governments have agreed to reopen borders between the two countries for essential business and official travel after they were shut to curb the spread of COVID-19
- Indonesia has recorded over 333,000 cases, the second highest rate in Southeast Asia behind the Philippines
- Jakarta has been subject to strict social curbs
- Singapore, meanwhile, is seeing just a handful of cases daily
- Those who meet the requirements for the arrangement will be subject to pre- and post-travel swab tests
- As of now, Indonesia has reported 336,716 confirmed COVID-19 cases with 11,935 (4% of total reported cases) deaths, and 258,519 (77% of total reported cases) recoveries
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health (<https://www.kemkes.go.id/index.php>) for the latest information on COVID-19 in Indonesia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
