

Update 19: France - Plans to Re-Impose State of Health Emergency Starting October 17, 2020 to Contain COVID-19 Spread

- On October 14, 2020, France President Emmanuel Macron announced plans to re-impose a state of health emergency to contain the spread of COVID-19
- The decision was announced after daily new infection rates reached record levels
- The new daily COVID-19 infections have reached up to between 12,981 - 27,000
- President announced a nighttime curfew for Paris and eight other French cities including Grenoble, Lille, Lyon, Marseille, Montpellier, Rouen, Saint-Étienne, and Toulouse
- The restrictions include people from visiting restaurants and even private homes in the late evening and night
- The move is expected to start from October 17, 2020 and the country will allow the government to enforce stricter measures in the future, either locally or nationally
- Anyone found in violation of the nighttime curfew will face a fine of EUR135 (~US\$160)
- The country is planning to bring down the cases to 3,000 or 5,000 from current levels
- Till October 14, there have been 728,745 confirmed cases of COVID-19 with 32,679 (4.48% of those infected) deaths in France

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
