

Update 19: Oman - Introduces New Airport Rules Effective from November 11, 2020

- Oman Airports has issued a set of rules effect from November 11, 2020 amid COVID-19
- All passengers traveling to Oman must get a COVID-19 PCR test done 96 hours before the scheduled arrival in Oman
- This should be a validated and certified medical test result, acceptable to the authorities in charge
- An Omani citizen who has recovered after being tested positive is allowed to travel to Oman provided he/she has proof of completing the prescribed quarantine period
- Additionally, he/she must also take the COVID-19 PCR test 96 hours prior to arriving in Oman
- The quarantine period is seven days from the date of arrival in Oman if the passenger tests negative in the PCR test at the arrival as well as the test taken at the end of the quarantine period on the eighth day
- The test results of the PCR test taken on landing will be available within 24 hours and can accessed through the Tarassud plus app
- For those who do not want to take a PCR test at the end of the 7-day quarantine, the period of quarantine will continue till the 14th day from the date of arrival
- Children below 15 years of age are exempted from the quarantine
- If the thermal screening at the airport identifies any passenger with temperature above 38 degree Celsius or higher, they will be asked to go take a COVID-19 PCR test

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
