

Update 12: Puerto Rico - Imposes New COVID-19 Restrictions Starting from November 16, 2020 to Curb the Spread of Infections

- On November 13, the Governor of Puerto Rico announced that the government will activate the National Guard to help enforce a curfew that seeks to curb an increase in COVID-19 cases
- Also, announced other measures, including returning to close the beaches except for those who exercise
- The government will limit capacity in restaurants, casinos, gyms, churches, and other places to 30%
- The new restrictions will begin on November 16 and will remain in effect until December 11
- The use of masks and a curfew from 10 pm (AST) to 5 am (AST) is still mandatory
- Governor Wanda Vázquez urged all residents throughout Puerto Rico to be extremely cautious during the Christmas season, encouraging families to come together through Zoom
- He said that if the violations continue until mid-December 2020, the government will order the closure of more businesses and implement more restrictive measures
- Puerto Rico has reported more than 40,500 confirmed cases along with 35,400 suspects, and more than 900 deaths (2.22% of those infected)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Department of Health of Puerto Rico (<http://salud.gov.pr/Pages/Home.aspx>) for the latest information on COVID-19 in Puerto Rico

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
