

# Update 36: Indonesia - Reports Highest Monthly COVID-19 Death Toll of 3,463

- Indonesia's COVID-19 related deaths rose to a new monthly record of 3,463 on December 23, 2020
- The previous record for the highest monthly COVID-19 death toll was 3,323 recorded in September 2020
- The surge in casualties from COVID-19 has been at the alarming level since November 22, 2020, the beginning of a lengthy run in which the daily death toll has reached three digits for at least 32 consecutive days
- COVID-19 has killed more people in East Java than in other provinces since the outbreak began
- The province has recorded a total of 5,353 COVID-19 deaths as of December 23, 2020
- National capital Jakarta reported the second-highest number of COVID-19 - related deaths with a total of 3,116
- As of now, the country has reported 685,639 confirmed COVID-19 cases with 20,408 deaths (3% of total reported cases), and 558,703 recoveries (81% of the total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the Ministry of Health (<https://www.kemkes.go.id/index.php?lg=ln02>) for the latest information on COVID-19 in Indonesia

# Impact level Definitions

| Impact Level  | Definitions  |
|---------------|--|
| Immediate     | <b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.  |
| High          | <b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.                      |
| Medium        | <b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession. |
| Low           | <b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.              |
| Informational | The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.                  |
