

Update 16: Cuba - Limits Travel with US and Five Other Countries to Reduce COVID-19 Infection

- Public Health Ministry (Minsap) of Cuba decided to limit the entry of passengers from the United States, Mexico, Panama, the Dominican Republic, the Bahamas, and Haiti as of January 1, 2021
- The decision to limit the entry of all arrivals from these six countries was taken after considering the current national, regional, and international epidemiological situation
- The restriction will apply even to Cuban citizens and residents
- The Public Health Ministry highlighted the increase in imported cases of COVID-19 registered with the arrival of international flights, which represented 71.5% of the total infections detected in recent weeks
- Also, Minsap informed the Cuban Civil Aeronautics authorities will readjust the necessary details with the airlines as soon as the epidemiological situation allows it, the frequency of flights will be gradually restored
- Cuba currently tests visitors upon arrival and again in five days if they are not staying in hotels
- Beginning on January 10, visitors will also need proof of a negative test within 72 hours before arrival
- As of now, the country has reported 11,434 confirmed COVID-19 cases with 143 deaths (1.25% of total reported cases) and 9797 recoveries (85.7% of total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
