

Update 13: Puerto Rico - Relaxes Curfew Restrictions and Eliminates Sunday Lockdown

- Puerto Rico's Governor Pedro Pierluisi announced that the country eliminate the Sunday lockdown and shorten the curfews which has been in place since the pandemic
- Pedro added the plans to reopen beaches, marinas and pools where social distancing and face masks will remain mandatory
- The new shortened curfew will now run from 11 pm to 5 am
- However, Pedro stressed that the new measures will be in place for 30 days, but can be amended any time if there's a spike in cases
- Pedro also ordered Puerto Rico's Treasury Department to use federal funds and create economic incentives to help small and medium businesses hit by strict closures due to the pandemic
- As of now, Puerto Rico has reported 136,540 confirmed cases along with 1,562 deaths (1.14% of those infected)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Department of Health of Puerto Rico (<http://salud.gov.pr/Pages/Home.aspx>) for the latest information on COVID-19 in Puerto Rico

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
