

# Update 39: Indonesia - Plans to Impose New Restrictions Amid Surge in Daily COVID-19 Infections to Record High of 8,854

- Indonesia plans to impose new restrictions as daily COVID-19 infection cases surged to a record high of 8,854 on January 06, 2021, bringing the total number to 788,402
- Indonesia also reported 187 new deaths, bringing the total number of fatalities to 23,296, 2.95% of total infected cases and 652,513 recoveries, 82.76% of the total infected cases
- Starting January 11, 2021, new restrictions will come into force for two weeks in parts of Bali and Island of Java
- Some of the measures include changes in operating hours for malls and capacity limits for restaurants and worship places
- The capital Jakarta records a daily COVID-19 infection count of 2,402, while 1,470 more infections were recorded in West Java and 1,023 in Central Java
- East Java's infections tally was at 845 along with fatality count of 54 which was the highest among all regions
- Indonesia's Health Minister said the country will begin its nationwide COVID-19 mass vaccination program on January 13, 2021
- Indonesia has received 3 million doses of the Sinovac vaccine, named CoronaVac
- Indonesia has also secured over 329 million doses of COVID-19 vaccines, most notably from Pfizer and its partner BioNTech, and AstraZeneca
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the Ministry of Health (<https://www.kemkes.go.id/index.php?lg=ln02>) for the latest information on COVID-19 in Indonesia

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
