

Update 5: Estonia - Plans to Implement Negative COVID-19 Test Requirement on Arrival Starting January 15, 2021

- On January 7, Minister of Foreign Affairs Urmas Reinsalu announced that a negative COVID-19 test must be presented on arrival to Estonia starting January 15, 2021
- Passengers can also take the COVID-19 test upon arrival
- If a negative test is presented on arrival it must have been undertaken within 72 hours of departure
- Travelers who arrives with a valid negative test, or tests negative on arrival, must still quarantine until a second test has been taken with a negative result
- Testing facilities are on-site at Tallinn Airport and the Port of Tallinn and free testing will be there for Estonian citizens
- Estonia reported 1,104 COVID-19 confirmed cases and four deaths on January 7, 2021
- As of now, the country has reported 31,751 COVID-19 confirmed cases with 265 related deaths, 0.8% of total reported cases, and 21,567 recoveries, 67.9% of total reported cases
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Republic of Estonia, Ministry of Social Affairs (<https://www.sm.ee/en>) for the latest information on COVID-19 in Estonia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
