

Update 30: Spain - Extends Ban On Travelers From UK Over Fears of Infectious COVID-19 Strain

- Spain extended a ban on people for another two weeks till February 02, 2021, entering from the UK by air or sea because of concerns over the new strain of the COVID-19
- International transit through Spanish airports by passengers on flights departing from the UK was also prohibited
- These restrictions expire on January 19, 2021, but have now been extended for a further two weeks
- The government had decided to extend it again because of some uncertainties over the reach of the new strain of the COVID-19
- Also, there has been an increase in cases linked to the new strain. About 70 cases of the variant have been detected in Spain
- As of now, the country has reported 2,137,220 confirmed COVID-19 cases with 52,683 deaths, 2.46% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 4.57% and 0.11%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health of Spain (<https://www.mscbs.gob.es/>) for the latest information on COVID-19 in Spain

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
