

# Update 66: Indonesia - Extends COVID-19 Restrictions Until August 2, 2021 to Curb the Spread of Infections

- Indonesia is extending its tightest mobility curbs for another week until August 2, 2021, as COVID-19 cases remain high following near month-long restrictions
- Adjustments are made in order to allow small businesses to operate under strict health protocols
- Traditional markets selling staple foods will open as normal, while shops selling non-food items and small businesses are allowed to operate at half capacity at shorter trading hours
- The government plans to expand its testing coverage by requiring close contacts of those infected to undergo swab tests
- Those who test positive will immediately be taken to isolation sites provided by the government to prevent a wider spread of infection
- The nation registered 38,679 more cases and 1,266 new fatalities on July 25, 2021, according to health ministry data
- **Reported COVID-19 stats for Indonesia:**
  1. Confirmed Cases: 3,166,505
  2. Deaths: 83,279 (2.63%)
  3. Recoveries: 2,509,318 (79.24%)
  4. Vaccine Doses Administered: 60,484,261
  5. Fully Vaccinated: 17,012,830 (6.4%)
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
