

Update 4: Myanmar (Burma) - Extends COVID-19 Restrictions Until May 31, 2020 with Few Relaxations

- Myanmar's government has extended restrictions to control the spread of COVID-19 including a ban on public gatherings and the suspension of visas and international flights until May 31, 2020
- Myanmar has a total of 181 confirmed cases of COVID-19, including six deaths and 84 patients who have recovered
- Since the last week of April, the country has seen several days with no new reported cases, yet as new infections were still occasionally found in COVID-19 hot spots
- Meanwhile, 'stay at home' restrictions in four townships in Yangon Region and one township in Sagaing Region will be lifted, as there have been no new cases of local transmission in the townships in the last 21 days
- However, six townships in Yangon, the country's COVID-19 hotspots - will remain under semi-lockdown
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health and Sports (<https://www.mohs.gov.mm/>) for the latest information on COVID-19 in Myanmar

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
