

Update 13: Colombia - Imposes Stricter Restrictions in Three Regions to Curb the Spread of COVID-19 Infections

- Colombia imposed stricter COVID-19 restrictions in Bogota, Cartagena, and Cali
- This comes after government extended mandatory quarantine until July 1 and announced gradual reopening of few businesses in the country
- Unlike other localities, these cities will not resume economic activities
- Kennedy, second most populous town in Bogota, will remain closed for two weeks
- All three regions will be closely monitored for next two weeks with the support of National Institute of Health (NIH)
- As of now, Colombia recorded 28,236 confirmed COVID-19 cases and 890 deaths
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult National Institute of Health (<https://www.ins.gov.co/Paginas/inicio.aspx>) for latest information on COVID-19 in Colombia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
