

Update 7: Sudan - Extends COVID-19 Partial Lockdown Until June 18, 2020

- Sudan has decided to extend a partial lockdown imposed in the capital Khartoum since March 2020 for an additional 14 days to stem the spread of COVID-19
- The two-week lockdown will start on Wednesday (June 03)
- Also, the Civil Aviation Authority, extended its decision for closing down Khartoum International Airport for international and domestic flights until June 14
- The decision excluded the scheduled and additional cargo flights, humanitarian and technical assistance, the flights related to the companies operating in oil fields and evacuation of foreigners
- 12 people died from COVID-19 over the past 24 hours, bringing the nationwide death toll to 298
- A further 147 new infections were recorded, pushing up the total figure to 5,173
- Recoveries stand at 1,522
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health (<http://www.fmoh.gov.sd/En/>) for the latest information on COVID-19 in Sudan

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
