

Update 1: United States of America - Records 743 COVID-19 Deaths in Last 24 Hours, Total Cases Rise to 1,809,109

- The United States on Monday (June 01) recorded 743 new COVID-19 deaths in 24 hours, bringing its total to 105,099
- The country has officially logged 1,809,109 cases of COVID-19
- However, states have begun relaxing confinement measures intended to slow the spread of the virus in varying degrees
- Additionally, several major US cities have issued curfews in the face of violent protests sparked by the death of George Floyd in Minneapolis police custody
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult United States Department of Health and Human Services (<https://www.hhs.gov/>) for the latest information on COVID-19 in United States of America

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
