

Update 34: Metro Manila, Philippines - Extends General Community Quarantine Until July 15

- Philippines's authorities extended general community quarantine (GCQ) in parts of Metro Manila until July 15 to contain COVID-19 outbreak
- Measure was initially set to expire on June 30
- Exception to the measure includes Cebu City that will remain under enhanced quarantine (highest level of quarantine)
- This comes after total confirmed cases increased to 5,494 in Cebu City
- Furthermore, 31 barangays in Manila was placed under 48-hour hard lockdown starting July 4 for disease surveillance, rapid risk assessment, and COVID-19 testing
- This comes as Manila Health Department recorded 147 new COVID-19 cases in these 31 barangays
- Currently, there are 37,514 confirmed cases, including 10,233 recoveries and 1,266 deaths in the country
- Analysts expect total cases to surpass 70,000 by end of July if community transmission remains uncontrolled
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Disease Prevention and Control Bureau (<https://www.doh.gov.ph/node/689>) for the latest information on COVID-19 in the Philippines

Impact level Definitions

| Impact Level | Definitions |
|---------------|--|
| Immediate | Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc. |
| High | Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc. |
| Medium | Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession. |
| Low | Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc. |
| Informational | The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc. |
