

Update 15: Colombia - Extends COVID-19 Lockdown Until August 1, 2020

- Colombian authorities extended nationwide lockdown until August 1, initially set to end on July 15
- This is to contain the spread of COVID-19 infections
- As of now, country reported more than 124,400 confirmed cases and 4,359 deaths
- Earlier, thousands of businesses resumed operations
- Amid the quarantine, municipalities with no or low infection rates will reopen restaurants, theaters, and gyms
- As of now, 490 municipalities in the country reported no infections while 100 reported low infection rates
- Additional, 295 recorded no cases in last three weeks
- Government expects country's economy to contract by 5.5% in 2020
- Country suspended its fiscal deficit limits for 2020 and 2021 and issued billions in bonds amid increase in unemployment and closure of businesses
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult National Institute of Health (<https://www.ins.gov.co/Paginas/inicio.aspx>) for latest information on COVID-19 in Colombia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
