

Update 15: Walmart, Inc. - Employees Test Positive for COVID-19 - Windsor, Ontario (Canada)

- Walmart Canada has confirmed four workers at two stores in Windsor have tested positive for COVID-19
- There are three at the store on Tecumseh Road East near Lauzon Parkway, and one at the store on Dougall Avenue south of the E.C. Row Expressway
- The company said the three at the store on Tecumseh Road East last worked on July 2, July 12, and July 14, 2020
- The one at the Dougall Avenue store last worked July 1, 2020
- Out of an abundance of caution, associates identified as being in close, prolonged contact have been directed to self-isolate
- Medical Officer of Health Dr. Wajid Ahmed reports an outbreak has not been declared at the workplace because the confirmed cases are also household contacts
- He said the public should not be more concerned at this establishment compared to any other store in the community

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
