

Update 6: Costa Rica - Plans to Reopen Businesses Commencing August 1, 2020

- Costa Rican government will reopen businesses commencing August 1 to boost economy amid COVID-19 pandemic
- This comes despite increase in COVID-19 cases in the country
- As of now, approximately 16,800 COVID-19 cases, with nearly 133 deaths have been recorded in the country
- Businesses and restaurants will reopen during the first nine days of August
- Restrictions will be reimposed for the following 12 days and the cycle is expected to be repeated until cases decline
- Border will reopen for tourists arriving from European Union, United Kingdom, and Canada starting next week
- Large gatherings, bars, and nightclubs will remain closed
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health (<https://www.ministeriodesalud.go.cr/>) for the latest information on COVID-19 in Costa Rica

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
