

# Update 11: Myanmar (Burma) - Extends COVID-19 Preventive Measures Until August 15; Temporary Entry Restrictions in Place Until August 31, 2020

- Myanmar's national-level Central Committee on Prevention, Control and Treatment on COVID-19 issued an extension for COVID-19 prevention measures to August 15
- The extension excludes the measures which had been lifted
- The government lifted the restriction of gathering more than five persons to mass gathering of more than 15 persons, which will be in effect from August 1
- The government also extended the suspension period of operating all international commercial passenger flights at the Yangon International Airport until August 31
- Myanmar has reported 351 confirmed COVID-19 cases with six deaths, according to the latest figures
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health and Sports (<https://www.mohs.gov.mm/>) for the latest information on COVID-19 in Myanmar

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
