

Update 39: Metro Manila, Philippines - Reimposes Modified Enhanced Community Quarantine Until August 18, 2020 Amid Increase in COVID-19 Cases

- Philippines announced to reimpose modified enhanced community quarantine (MECQ) in Metro Manila, Laguna, Cavite, Rizal, and Bulacan amid the increasing number of COVID-19 infections
- The stricter coronavirus lockdown will be in place from August 3, 2020 to August 18, 2020
- Some businesses and public transport are expected to be closed in the capital, which is currently under the less restrictive General Community Quarantine classification
- Work and quarantine passes will also be required, as authorities seek to restrict movements
- The move came after 80 local groups representing 80,000 doctors and a million nurses called for tighter controls, saying the country was losing the fight against the coronavirus
- Philippines recorded 5,032 additional infections on August 2, 2020, the country's largest single-day increase, taking its confirmed coronavirus cases to 103,185 and death toll jumped to 2,059
- This is the second highest number of COVID-19 infections and deaths in Southeast Asia, behind Indonesia
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Disease Prevention and Control Bureau (<https://www.doh.gov.ph/node/689>) for the latest information on COVID-19 in the Philippines

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
