

Update 17: Zimbabwe - Government Continues to Reopen Economy as Spread Rate of COVID-19 Cases Decline

- Zimbabwe continues to reopen its economy as spread rate of COVID-19 cases decline
- From October 01, travelers coming into Zimbabwe showing COVID-19 symptoms will be subjected to non-negotiable COVID-19 test irrespective of having a Covid-19 free certificate or not
- Meter taxis have also been authorized to get back on the road
- Resumption of international flights have been allowed from October 01, 2020
- Zimbabwe had suspended flights and shut the borders in March 2020 to curb the spread of the COVID-19
- However, only commercial traffic, diplomats, and returning residents will be allowed to cross the country's borders
- So far, Zimbabwe has recorded 7,838 cases along with 228 deaths and 6,303 Recoveries
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health of Zimbabwe (<http://www.mohcc.gov.zw/>) for the latest information on COVID-19 in Zimbabwe

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
