

# Update 11: Hungary - Plans to Impose Partial Lockdown Amid Second Wave of COVID-19

- Hungary is introducing new COVID-19 restrictions to stem the second wave of infection now affecting most of Europe
- Hungary's partial lockdown will include starting the current night curfew earlier, so it runs from 20:00 to 05:00 local time (19:00 to 04:00 GMT)
- Hungary's state of emergency is expected to get parliamentary approval on November 10, 2020
- Prime Minister Viktor Orban said they would be instituted for 30 days partial lockdown with the possibility to extend
- It would include limits on public gatherings and closure of schools, restaurants, and universities
- Orban said the regulations are necessary because hospitals will not be able to handle the influx of patients if cases increase at the current pace
- All secondary school and university students in Hungary now have to work online, while junior schools and kindergartens remain open
- Most family gatherings now have a 10-person upper limit
- Hungary's sports and leisure facilities will be closed
- As of now, Hungary has reported a total of 114,778 confirmed COVID-19 cases, 2,493 (~2.17% of total cases) related deaths, and 26,161 (~22.79% of total cases) recoveries
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the National Health Center (<https://www.nnk.gov.hu/>) for the latest information on COVID-19 in Hungary

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
