

Update 27: Algeria - Announces to Reimpose Restrictions Amid Surge in COVID-19 Cases

- Algerian Prime Minister's office announced that it will reimpose restrictions to combat the spread of COVID-19 from November 17, 2020
- These restrictions are including closing gyms, cultural centers, leisure venues, and used car markets, and limited opening hours for some businesses
- Under the restrictions, businesses such as cafes, restaurants, hair salons, and toy shops will be ordered to close at 3:00 p.m.
- Algeria had started easing restrictions in June after a downward trend in cases, paving the way for the reopening of most businesses
- But the situation has worsened again in recent weeks, causing a surge in the number of patients
- To date, the country recorded 67,679 confirmed COVID-19 cases and 2,154 related deaths (~3.18% of total cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the Ministry of Health, Population, and Hospital Reform (<http://www.sante.gov.dz/>) for the latest information on COVID-19 in Algeria

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
