

Update 34: Mexico - Extends Border Closure for Non-Essential Services with United States of America and Canada Until December 21, 2020

- The Mexican land borders with the US and Canada are expected to remain closed to non-essential travel until December 21 at the earliest amid a rising number of US COVID-19 cases
- The Ministry said the restrictions will remain in place as implemented back on March 21, 2020
- That's when the three countries decided that unrestricted border travel would lead to a further spread of the COVID-19
- As of now, the country reported 1,015,071 confirmed COVID-19 cases with 99,528 deaths (9.8% of total reported cases), and 762,025 recovered (75.1% of the total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult National Institute of Public Health (<https://www.insp.mx/>) for latest information on COVID-19 in Mexico

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
