

# Update 76: India - International Flights to Remain Suspended Until December 31, 2020 Amid COVID-19 Pandemic

- On November 26, 2020, the government extended the suspension of international flights until December 31, 2020 due to the COVID-19 pandemic
- Earlier, the authorities had ordered the suspension of international flight operations until November 30, 2020
- However, it added that international scheduled flights may be allowed on certain routes by the competent authority on a case-to-case basis
- India has established air bubbles with about 18 countries, including the United States, the United Kingdom, France, the United Arab Emirates, Qatar, Maldives, Kenya, and Bhutan
- This pact allows the operation of special flights between the countries
- The Center has also allowed domestic flight services to resume on May 25, 2020, but at only one-third capacity which was later increased to 45% and then to 60%
- As of now, India has recorded 9,309,871 confirmed COVID-19 cases and 135,752 related deaths (~1.5% of total reported cases), and 8,718,517 recoveries (~93.6% of total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the National Center for Disease Control (<https://ncdc.gov.in/>) for the latest information on COVID-19 in India

India - Health Alert in Place as  
Coronavirus Spreads in Asia

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
