

Update 8: Liberia - Announces New COVID-19 Protocols for Travelers

- The Government of Liberia has released new COVID-19 testing protocols for travelers intending to depart or arrive in the country, as it steps up efforts to prevent further local transmission of the virus
- As of December 1, 2020, all travelers will be required to pay a fee of US\$75 as a testing fee in order to have their samples taken
- All travelers are to download and complete a Health Screening Arrival Form from the Liberia Travel Application App on either Google Play store or the Apple Store
- The guidelines, published by the Ministry of Health, require all non-exempt incoming and outgoing travelers to be tested for the disease
- These measures also require the exempt travelers to present a negative Polymerase Chain Reaction (PCR) COVID-19 test result from an accredited lab within 96 hours of testing
- As of now, Liberia has reported 1,591 COVID-19 cases with 83 deaths (~5.2% of total reported cases) and 1,340 recoveries (84.2% of total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health (<http://moh.gov.lr/>) for the latest information on COVID-19 in Liberia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
