

Update 50: Manila, Philippines - Extends Partial COVID-19 Restrictions Until December 31, 2020 to Curb the Spread of Infections

- On November 30, Government said that partial COVID-19 restrictions will remain in the capital region until the end of the year, with urging Filipinos to limit Christmas gatherings to prevent a post-holiday surge in Covid-19 cases
- People must still wear masks and face shields and observe social distancing in Metro Manila Davao, and six other areas for the whole of December, while less stringent restrictions will be enforced for the rest of the country
- In the Philippines, cases continued to rise after restrictions were relaxed
- As of now, the country has reported 431,630 confirmed COVID-19 cases, with 8,392 deaths (1.9% of total reported cases), and 398,658 recoveries (92.3% of total reported cases)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Disease Prevention and Control Bureau (<https://www.doh.gov.ph/node/689>) for the latest information on COVID-19 in the Philippines

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
