

Update 38: Ireland - Plans to Extend COVID-19 Measures Until April 2021

- On February 11, 2021, Irish Prime Minister Micheal Martin announced his plans to extend stricter COVID-19 measures until April 2021
- The government plans to ease restrictions on the construction sector and reopen schools in early March
- However, restrictions on travel, visiting other households and on retail and hospitality are likely to remain in place
- Ireland to impose mandatory quarantine on arrivals from Austria and UAE
- A total of 20 countries will join Brazil and South Africa on a list subject to travel restrictions due to the presence of variants of COVID-19
- Government stated that arrivals from the countries will be allowed to quarantine at any address until a system of mandatory hotel quarantines is introduced in the coming weeks
- As of now, Ireland has reported 206,801 confirmed COVID-19 cases with 3,846 deaths, 1.9% of total reported cases, and 23,364 recoveries, 11.30% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 4.0% and 0.1%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Institute of Public Health of Ireland (<http://www.publichealth.ie/>) for latest information on COVID-19 in Ireland

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
