

Update 10: Estonia - Announces New Restrictions to Curb Spread of COVID-19 Infection

- On February 18, Estonian government announced temporary restrictions to curb the spread of COVID-19 infection
- Under the new restrictions face-to-face classes will be suspended for at least one week
- In addition, bars and restaurants must reduce their maximum capacity by half, to a maximum of 200 people in closed establishments and 250 outdoors, for at least two weeks starting February 22, 2021
- Pools and spas will remain closed
- Cinemas, theaters and concert halls will continue to operate, although masks are mandatory and organizers must ensure that safety distances are maintained
- The Estonian health authorities reported 996 new COVID-19 positives cases in the last 24 hours on February 18, compared to 412 cases reported in the previous day
- As of now, the country has reported 56,246 confirmed COVID-19 cases with 518 deaths, 0.92% of total reported cases, and 44,248 recoveries, 78.67% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 4.61% and 0.04%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Republic of Estonia, Ministry of Social Affairs (<https://www.sm.ee/en>) for the latest information on COVID-19 in Estonia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
