

Update 11: Estonia - Tightens Restrictions to Curb Spread of COVID-19 Infection

- Estonian government tightens restrictions to curb the spread of COVID-19 infection
- Under the new restrictions indoor events are prohibited and leisure, cultural and entertainment facilities will have to close their operations
- Educational centers will be allowed to continue the course with remote classes, except for students from first to fourth grade
- Additionally, outdoor events may be held, but with a maximum of ten people and restaurants will be allowed to remain open with half capacity
- Supermarkets will continue to operate with proper hygienic measures
- The new measures, which tighten the limitations that came into effect at the beginning of the week, will be in force, in principle, until the end of March 2021
- Estonia reported 1,154 COVID-19 confirmed cases and ten deaths on February 25, 2021
- As of now, the country has reported 61,627 confirmed COVID-19 cases with 567 deaths, 0.92% of total reported cases, and 47,460 recoveries, 77.01% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 5.05% and 0.05%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Republic of Estonia, Ministry of Social Affairs (<https://www.sm.ee/en>) for the latest information on COVID-19 in Estonia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
