

Update 64: Manila, Philippines - Government Extends Restrictions Until the End of March 2021 to Contain the Spread of COVID-19

- Philippine President Rodrigo Duterte has extended COVID-19 curbs in the capital until the end of March 2021, as the country awaits the arrival of vaccines made by China's Sinovac Biotech and Britain's AstraZeneca
- The Philippines will be last Southeast Asian nation to get its initial shipment of vaccines, made up of 600,000 Sinovac doses donated by China
- Additionally, COVAX facility bringing in 525,600 AstraZeneca shots on March 01, 2021
- Curbs will stay for another month in Manila, which accounts for 40% of national economic output
- Also, under partial curbs are city of Davao and the northern city of Baguio
- The curbs limit operations of businesses and public transport
- Despite calls for the economy to be re-opened, Duterte had pledged to maintain curbs in the virus epicenter of Manila until mass vaccinations begin
- As of now, the country has reported 574,247 confirmed COVID-19 cases, with 12,289 deaths, 2.14% of total reported cases, and 522,941 recoveries, 91.4% of total reported cases
- On the other hand, when compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 0.52% and 0.011%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Disease Prevention and Control Bureau (<https://www.doh.gov.ph/node/689>) for the latest information on COVID-19 in the Philippines

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
