

# Update 43: Indonesia - Reports Two Cases of UK Variant of COVID-19

- On March 02, 2021, officials said that Indonesia has detected two cases of the more infectious UK COVID-19 variant
- Dante Saksono Harbuwono, the Deputy Health Minister, said the discovery of the variant, known as B117, represented a new challenge for the country
- Wiku Adisasmito, the spokesman for Indonesia's COVID-19 task force, said that monitoring at arrival gates in the country would be tightened to keep the variant from spreading
- To date, Indonesia has recorded a total of 1,347,026 COVID-19 cases, 1,160,863 recoveries, ~86.1% of total cases, and 36,518 related deaths, ~2.71% of total cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 0.48% and 0.01%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the Ministry of Health (<https://www.kemkes.go.id/index.php?lg=ln02>) for the latest information on COVID-19 in Indonesia

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
