

Update 33: Pakistan - Issues Fresh Travel Advisory

- Pakistan issued a fresh travel advisory under which the categorized country list concerning inbound travel has been amended
- Under the new advisory, nine more countries have been added to Category C, which increased the total to 15
- The countries are the UK, South Africa, Portugal, Peru, Netherlands, Tanzania, Botswana, etc
- The fresh advisory issued by the Director Air Transport Department of the Pakistan Civil Aviation Authority (PCAA) will remain valid till March 14, 2021
- International travel to Pakistan from Category C countries is currently restricted and only allowed as per guidelines of the National Command and Operation Centre (NCOC)
- The PCAA has categorized 21 countries as Category A. Travellers from Category A do not require a COVID-19 PCR test before entry into Pakistan

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
