

# Update 31: Serbia - Tightens Restrictions Amid Surge in COVID-19 Cases

- Serbia has tightened COVID-19 measures as the number of infections are rising in the country
- According to the measures, stores will be closed from noon March 06, 2021, to 6:00 AM CET on March 08, 2021
- Only grocery stores, pharmacies, and gas stations will be open
- As of now, Serbia has reported 478,787 confirmed COVID-19 cases with 4,525 related deaths, ~0.92% of total reported cases, and 400,347 recoveries, ~83.61% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 6.8% and 0.06%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

# Impact level Definitions

| Impact Level  | Definitions  |
|---------------|--|
| Immediate     | <b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.  |
| High          | <b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.                      |
| Medium        | <b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession. |
| Low           | <b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.              |
| Informational | The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.                  |
