

Update 14: Estonia - Eases COVID-19 Quarantine Measures for Travelers from Seven EU Countries

- Estonian Government announced that passengers arriving from seven countries of Europe would not be subject to the 10-day restriction on the freedom of movement, effective March 08, 2021
- The restriction on the freedom of movement does not apply to passengers arriving from a country with an infection rate below 150 per 100,000 inhabitants in the past 14 days
- These countries are Croatia, Denmark, Finland, Germany, Iceland, Liechtenstein, and Norway
- The 10-day self-isolation requirement applies to passengers from a country in the European Union, the European Economic Area, and the Schengen area with an infection rate above 150 people per 100,000 inhabitants in the past 14 days
- These countries are Andorra, Austria, Belgium, Bulgaria, Cyprus, the Czech Republic, France, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Monaco, the Netherlands, Poland, Portugal, Romania, San Marino, Slovakia, Slovenia, Spain, Sweden, and Switzerland
- Passengers arriving in Estonia from the United Kingdom are subject to an additional obligation introduced by the Government of Estonia to take a COVID-19 test no earlier than 72 hours before arrival, and the result of the test must be negative
- A 10-day self-isolation is also mandatory for passengers arriving from the United Kingdom
- As of now, the country has reported 73,684 confirmed COVID-19 cases with 644 deaths, 0.87% of the total reported cases and 55,161 recoveries, 74.86% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at 6.0% and 0.05%, respectively
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult the Republic of Estonia, Ministry of Social Affairs (<https://www.sm.ee/en>) for the latest information on COVID-19 in Estonia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
