

Update 30: Russia - Resumes International Flights to Six Countries Amid COVID-19 Pandemic

- Russia has officially resumed flights to several countries, namely, Germany, Tajikistan, Uzbekistan, Venezuela, Syria, and Sri Lanka on April 01, 2021
- The crisis center noted that regular flights would be resumed in a limited format
- Most quotas have been allocated for routes to and from Germany
- Furthermore, as many as two flights a week will operate from Moscow, Russia to Caracas, Venezuela
- As for all other destinations, there is a quota of one flight per week between the capitals except for Sri Lanka, where one can depart from Moscow to Colombo
- The frequency of flights from Moscow to Cuba will be increased from April 01, 2021, to seven flights a week, whereas a regular flight Kaliningrad - Minsk has been agreed for travelers to Belarus
- Airlines can now carry out one flight a week from Russia's regions to Azerbaijan, Armenia, Egypt, and the United Arab Emirates
- According to revised official estimates, the country's economy shrank by 3% in 2020, its sharpest decline in 11 years as the global COVID-19 pandemic took its toll
- As of now, the country has reported 4,554,264 COVID-19 confirmed cases with 99,233 related deaths, 2.2% of total reported cases, and 4,176,419 recoveries, 91.7% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stand at 3.16% and 0.07%, respectively
- In total, 11,642,295 vaccine doses have been given and 4,482,884 people, 3.2% of total population have been fully vaccinated against COVID-19
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health of Russian Federation (<https://www.rosminzdrav.ru/en>) for the latest information on COVID-19 in Russia

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
