

Update 23: Iraq - Reimposes Night Curfew During Ramadan Festivities

- Iraq's Health and Environment Ministry urged authorities to extend the night-time curfew in the country
- Authorities also informed they would impose lockdown on Fridays and Saturdays during the Holy month of Ramadan
- Minister of Health and Environment Hassan Al-Tamimi warned that a total curfew could be imposed on Thursdays if citizens didn't abide by the measures
- The minister said that restaurants will remain open, offering only delivery services and sweets shops will also be allowed to open
- Iraq's Supreme Committee for Health and National Safety decided to exclude pharmacies and stores selling foodstuffs, vegetables, and bread from curfew
- As of now, the country has reported 941,078 confirmed COVID-19 cases with 14,796 deaths, 1.57% of total reported cases, and 826,323 recoveries 87.8% of total reported cases
- When compared to the overall population of the country, confirmed COVID-19 cases and fatality rate stands at doses 2.29% and 0.03%, respectively
- In total, 152,962 people have received vaccine doses
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments
- Please consult Ministry of Health (<http://www.moh.gov.iq/>) for the latest information on COVID-19 in Iraq

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
