

# Update 5: Greece - Extends Travel Quarantine Requirements to Curb the Spread of COVID-19 Infections

- The Civil Aviation Authority (CAA) announced guidelines for international travel to Greece, including quarantine requirements, in order to curb the spread of COVID-19 infections
- The CAA made restrictions known through a Notice To Airmen (NOTAM), outlined restrictions on international travel have officially been extended until the May 14, 2021
- Travel continues to be allowed for essential reasons, as well as those that are permanent residents of the European Union or countries part of the Schengen treaty
- The Permanent residents of the following twelve nations are also now allowed to enter Greece: the UK, the US, Australia, New Zealand, South Korea, Thailand, Rwanda, Singapore, United Arab Emirates, Russia, Serbia, and Israel
- All travelers from abroad must submit a negative COVID-19 test result (PCR) performed up to 72 hours before arrival in Greece
- Russian travelers, however, will require both a negative polymerase chain reaction (PCR) test and a certificate of inoculation upon arrival to Greece in order to skip the seven-day quarantine period
- Another requirement of all those traveling either to or from Greece, including permanent residents of Greece, is a QR code generated by the completion of the Passenger Locator Form (PLF)
- Reported COVID-19 stats for Greece:
  1. Confirmed Cases: 345,033
  2. Deaths: 10,381 (3%)
  3. Recoveries: 303,202 (87.87%)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

# Impact level Definitions

Impact Level	Definitions
Immediate	<b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	<b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	<b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	<b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
