

Update 51: Pakistan - Reduces Inbound International Flights by 20% from May 5, 2021 to Curb the Spread of COVID-19

- Pakistan has decided to reduce the inbound international flights up to 20% of the current numbers from May 5, 2021 to contain the spread of COVID-19 in the country
- The National Command and Operation Center (NCOC) said that the decision to decrease the number of inbound flights was taken in view of the prevailing pandemic situation
- It said that travelers from the existing list of 22 countries banned to enter Pakistan would remain in place
- The countries include South Africa, Botswana, Ghana, Kenya, Comoros, Mozambique, Zambia, Tanzania, Rwanda, Brazil, Peru, Columbia, Chile, Eswatini, Zimbabwe, Lesotho, Malawi, Seychelles, Somalia, Suriname, Uruguay and Venezuela
- The NCOC said that all those coming to Pakistan should produce a negative RT-PCR test taken maximum 72 hours before traveling
- Every passenger would undergo rapid antigen testing on arrival
- The NCOC added the decision would be reviewed on May 18, 2021
- The travel measure came as authorities reported 4,696 new cases in the past 24 hours
- Reported COVID-19 stats for India:
 1. Confirmed Cases: 829,933
 2. Deaths: 18,070 (2.17%)
 3. Recoveries: 722,202 (87.01%)
 4. Vaccine Doses Administered: 2,100,000
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
