

Update 29: Egypt - Imposes New COVID-19 Restrictions Starting May 06, 2021 to Curb the Spread of Infections

- On May 05, 2021, Egypt's government announced several new COVID-19 health measures to combat the new surge of infections in the country
- The measures will begin from May 06, 2021 and last for a two-weeks period
- During this period all shops, malls, restaurants, cafes and cinemas will close at 9 p.m. (EET)
- Home delivery services will continue to operate as normal
- Conferences and celebrations held in social and sports clubs, restaurants and hotels will be banned
- Eid Al-Fitr holiday will start on May 12, and end on May 16, 2021
- All gardens, parks and public beaches will be closed, and public buses will not operate during the holiday
- Eid prayers will be held at the mosques with precautionary measures in place
- However, children will be prohibited from entering mosques
- All hospitals and medical facilities are open, adding that the Fever Hospital has been upgraded and developed
- There is an hourly follow-up of the oxygen availability system in Egypt, as per the instructions of President Abdel Fattah El-Sisi
- Additionally, EgyptAir announced the suspension of flights from Egypt to Oman on May 5, 2021
- The move comes in accordance with the Gulf country's decision to suspend trips from 16 countries, including Egypt, until further notice over COVID-19 fears
- Reported COVID-19 stats for Egypt:
 - Confirmed Cases 232,905
 - Deaths: 13,655 (6%)
 - Recoveries: 174,217 (75%)
 - Vaccine Doses Administered: 1,315
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
