

Update 22: Vietnam - Extends Mandatory Quarantine for Arrivals to 21 Days to Curb the Spread of COVID-19 Surge

- Vietnam government has extended mandatory quarantine for arrivals to 21 days
- Ministry of Health said it is also applicable for those who had close contact with confirmed COVID-19 cases
- The follow-up medical observation period at home after mandatory quarantine will be cut from two weeks to seven days
- People who return from quarantine facilities should make daily health declarations to local medical workers
- People in residential quarantine must report to local police and medical staff and strictly follow basic prevention measures, if they have to go out
- The new restrictions are effective from May 05, 2021
- The country is also on high alert, where it shares borders with Cambodia and Laos
- **Reported COVID-19 stats for Vietnam:**
 1. Confirmed Cases: 3,030
 2. Deaths: 35 (1.15%)
 3. Recoveries: 2,560 (84.49%)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
