

Update 51: Indonesia - Imposes Ban on Domestic Travel to Curb the Spread of COVID-19 Infections

- Indonesia began imposing a ban on domestic travel on May 06, 2021, as it sought to contain the spread of the COVID-19 during the Eid al-Fitr festival
- Police officers were deployed across the capital city of Jakarta to check documents and prevent travelers without special permission from leaving the city
- They were enforcing a ban on travel by air, land, sea, and rail announced in April which is due to be in place between May 6, 2021, to May 17, 2021
- But senior health officials have expressed concern about the emergence of new and more virulent coronavirus strains across Indonesia
- Earlier this week, the country's health minister said the first two cases of the Indian variant had been identified in Jakarta
- Reported COVID-19 stats for Indonesia:
 1. Confirmed Cases: 1,697,305
 2. Deaths: 46,496 (2.73%)
 3. Recoveries: 1,552,532 (91.47%)
 4. Doses Administered: 20,015,745 (3%)
- Supply Wisdom is continuously monitoring the situation and will alert you to any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
