

Update 8: Bangkok, Thailand - Extends COVID-19 Restrictions Until May 17, 2021 to Contain the Spread of COVID-19 Infections

- The Bangkok Metropolitan Administration has extended the closure order for another week that was set to end on May 09, 2021
- Bangkok Governor Aswin Kwanmuang on May 07, 2021, signed a new order that will extend until May 17, 2021
- The extension was necessary because of the virus spike in the capital as City Hall was trying to stem the outbreak
- The authorities have imposed ban on dining in at restaurants in the six dark-red zone provinces including Bangkok
- Only take-away and delivery services are allowed
- Places affected by the order include schools, entertainment venues, and public parks
- The shopping malls can open until 9 PM (GMT+7) and convenience stores are allowed to shut their doors by 10 PM (GMT+7)
- Bangkok has been one of the hot spots of the third outbreak of the pandemic
- The dark red zone includes Nonthaburi, Pathum Thani, Samut Prakan, Chon Buri, and Chiang Mai
- Cases in Bangkok surged after new clusters were detected in crowded communities, including Klong Toey district
- Other high-risk areas are the Bon Kai community in Pathumwan district and Ban Khing in Bang Kae district
- An outbreak of about 160 new COVID-19 cases was identified on May 06, 2021, in Bangkok's Bang Kae district
- Reported COVID-19 stats for Thailand:
 1. Confirmed Cases: 81,274
 2. Deaths: 382 (0.47%)
 3. Recoveries: 51,419 (63.27%)
 4. Vaccine Doses Administered: 1,201,258
 5. Fully Vaccinated: 450,524 (0.6%)
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
