

# Update 53: Ireland - Removes Eleven Countries from Mandatory Quarantine List Amid COVID-19 Pandemic

- Irish government removed eleven countries from its mandatory hotel quarantine list on arrival
- Countries listed under are Armenia, Aruba, Austria, Bosnia and Herzegovina, Curaçao, Italy, Jordan, Kosovo, Lebanon, North Macedonia and Ukraine
- Arrivals from Nepal and Anguilla will be added to the list starting May 12, 2021
- All travelers into Ireland must have a negative pre-departure COVID-19 test report
- Travelers from non-designated countries must quarantine at home for two weeks
- Andorra, Belgium, France, Luxembourg, Montenegro, Serbia, Turkey, US and Canada are still on the list
- European Union has agreed that travelers from the US may visit for non-essential purposes only if they are fully vaccinated
- Reported COVID-19 stats for Ireland:
  1. Confirmed Cases: 252,303
  2. Deaths: 4,919 (1.95%)
  3. Recoveries: 232,281 (92.06%)
  4. Vaccine Doses Administered: 1,746,912
  5. Fully Vaccinated: 479,745 (9.7%)
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immediate     | <b>Certain</b> - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.                                                                                                                      |
| High          | <b>Highly likely to occur in the near term (within 3 months)</b> - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.                      |
| Medium        | <b>Likely to occur in the mid-term (within 3 to 6 months)</b> - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession. |
| Low           | <b>Possible in the long-term (after 6 months)</b> - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.              |
| Informational | The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.                  |
