

Update 40: Zimbabwe - Reimposes Lockdown in Two Districts Starting June 14, 2021 Amid Surge in COVID-19 Cases

- Zimbabwe government reimpose lockdown in two districts starting June 14, 2021, amid surge in COVID-19 cases
- Lockdown will be imposed in Hurungwe and Kariba districts in Mashonaland West province
- Under new restrictions, a ban on social gatherings and enforcing mandatory testing of travelers from hotspot countries will be implemented
- Government ordered companies to send 50% of their staff to work from home as part of new measures
- All workshops and meetings are to be held virtually
- Beer halls and nightclubs would remain closed
- Hotel, lodge bars and restaurants will be open to their residents up to 10 pm (GMT)
- Restaurants and fast food outlets will serve takeaways
- Earlier, government extended a localized lockdown for Kwekwe district in the Midlands Province after detecting the highly transmissible Delta variant
- Reported COVID-19 stats for Zimbabwe:
 1. Confirmed Cases: 39,959
 2. Deaths: 1,632 (4.08%)
 3. Recoveries: 37,004 (92.60%)
 4. Vaccine Doses Administered: 1,089,506
 5. Fully Vaccinated Population: 399,054 (2.6%)
- Supply Wisdom will continue to monitor and issue alerts for any relevant developments

Impact level Definitions

Impact Level	Definitions
Immediate	Certain - Supply Wisdom recommends considering prompt action. Examples of Immediate level alert events may include bankruptcy filings, data breaches, unexpected curfews, strikes, power black-outs, major geo-political events etc.
High	Highly likely to occur in the near term (within 3 months) - Supply Wisdom recommends being in a state of readiness to take quick action. Examples of High level alert events may include withdrawal of rating by ratings agencies, hostile takeover, multiple cyber-attacks, new business policies causing significant hardship etc.
Medium	Likely to occur in the mid-term (within 3 to 6 months) - Supply Wisdom recommends reviewing current mitigation steps and being ready to take proactive actions if and when situation deteriorates further. Examples of Medium level alert events may include unplanned C-level exits, suppliers caught in bribery cases, economy slipping into recession.
Low	Possible in the long-term (after 6 months) - Supply Wisdom recommends taking proactive action if situation does not resolve. Examples of Low level alert events may include lawsuits filed against suppliers, client losses, air pollution alerts issued by country's local authorities, unexpected holidays announced for the location etc.
Informational	The event is pertinent information but does not have a risk element associated with it. Examples of Info level alert events may include launch of new solutions, partnerships signed, industry outlook, positive changes in government policies, announcements regarding launch of software parks/ free trade zones/special economic zones etc.
